if you say so 🙄
i still cant believe you spent

taking selfies

5 years of intense psychic
training just to get headaches

Well yeah! It's not real lol
I bought it for a cosplay I never finished
It's just supposed to look cool

@smudge

This funny looking baby was staring at me in the grocery store. Snapped a pic cause I couldn't stop laughing 🤔 Turns out he's psychic too! And a very powerful one at that. Get that bag kid!!!! 🙌🧠🙌

babby

YES!

7:03 PM · May 17, 2024 · Sandwich, MA

whos baby even is this?

Ok so let me explain.

Earlier this week I was at the grocery store and this freaking baby wouldn't stop staring at me!

Their expression was just so fucking FUNNY! LIKE, WHY'RE THEY LOOKIN AT ME LIKE THAT!!! Lol

So I took a pic and posted it. I really thought it was gonna be a banger! But it didn't really gain that much traction 😓

Then suddenly like an hour ago a bunch of randos started spamming the comments saying that I'm a creep, I'm a weirdo, I think I'm special, that I doxxed this baby.

That I deserve to be SHOT!

So I was like WTF?! Where did these people even come from!? The post was literally dead until this morning!

It's just frustrating! Everytime something of mine blows up it's because people are mad! It's the fucking Jensterous drama all over again, I hate it!

Anyway, I was wondering... Do you think I should delete the pic? I don't really think it's a big deal but, I dunno. I'm just starting to second guess myself I guess...

ok well people are definitely overreacting but you probably shouldnt have posted a pic of someones elses baby without asking

defo a privacy violation personally i'd delete it

dude. why do i feel like ive seen this baby before?

bro im looking at these comments rn some of them are REAL nasty! like why is this one dude calling you a KIDNAPPER??? HELLO?!

Yeah Parsley said the same thing

kai hates u all @clownlarvae

child endangerment for clicks. what else is new lmfaooo

Tyler @tjnewman

Kidnapping a baby won't get you clout. It'll just put you in jail. Dumb bitch

thats ridiculous
why would you kidnap a baby?

you'd have to be around a kid.
and ive never met someone that
hates kids as much as you lol

sounds like you hate kids to me

im not a kid dude. im fifTEEN

notice the "teen"? means im a teenager

whatever.

It doesnt make you any less
wrong 030

I KNOW RIGHT!?! LIKE
WTF!?!? I LITERALLY DIDN'T
DO ANYTHING!!

I don't HATE kids...They're just
usually loud, and annoying,
and I don't like being around them

Also babies are gross.
And that's just a fact!

I'm still talking to you aren't I?

Yeah but you're still my little baby
cousin! I was already twelve when
you were born and I still remember
you learning to walk and shit

So in my eyes you'll always be
a kid. Sorry! That's just how
shit shakes out

Legit this isn't important.
Can we get back on topic?

oh honestly i kinda thought
we were done

was there something else
you wanted to talk about?

you got any ibuprofen?
that usually helps me

does that help?!?!?

i thought pulling the swords out was
the thing that caused the migraines?

maybe its not your powers then
maybe your just staring at your
phone too long

blue light shit you know?

time to touch grass girl!
feel the wind on your face!

“your generation spends too much
time looking at their fucking phones
it makes me SICK!!!!”

Uhhhhhhhhhhhh, I mean not
really.... I just kinda wanted
to complain some more

This migraine is really driving
me crazy!!! I haven't had one
this bad in forever, it SUCKS!!!!

No 🙄

Usually when I feel like this I just lie
in bed for a couple of hours and
pull swords out of my head

Though my room ends up looking
like a battlefield with the amount of
blades strewn about

Thank god they disappear after
a while, or I'd be a crazy hoarder

For a while I thought so!
But honestly it's super inconsistent.
Sometimes it makes things worse,
sometimes it helps

Idk

Lol I doubt it! I'm literally outside all day for my job!

oh yeah lifeguard lifestyle baby B)

what else could it be then?
ive never gotten headaches
from using my powers

Honestly it probably just means I need to train more

I'm not a natural psychic like you or Parsley. I gotta grind for powers

Also no offense but cloning a sword you have stored in a mind vault is a little more difficult than talking to a fucking fruit fly

well then im out of ideas :/

honestly it doesnt seem like you really want help

Like I said I mostly just wanted to complain. I'm not operating at 100%, y'know?

yeah dont worry i get you

I should probably go
You and Parsley are right.
I'm gonna delete the baby picture.
More trouble than it's worth

that's probably for the best v - v

well I'll talk to you later then

hope you feel better <3

Thank you Edith 🐞

Parsley @ParsleyTheWombat

heyo :D

Yo Edith. What's up?

can you buy this for me?

What the fuck? No, buy it yourself.

please! itll be really funny 😭
and ill pay you back :(((

Do you even smoke?

no :P

?!?!?!?!?

i wanna give it to wormgirl
shes been having a rough day
so i thought id get her a present :3

Does she smoke?!

She up late at night hitting
that pickle Rick?

idk ͇_(ツ)_/͇

i just imagine shed think it was funny

maybe she'll put flowers in it or something
have it be the D O P E S T of vases

That sounds about right.
What happened? She good?
It can't be that bad if this is
the first I'm hearing of it.

Goddamn it.

I told her not to do that.
Why don't you guys ever listen to me?
We'd get into a lot less trouble.

Other than Wormgirls post no.
I honestly can't believe she posted it.

It's fucking weird to put a
stranger's kid online like that.

That's good. Better late than
never I guess. Maybe she's
finally starting to learn...

Hey a wombat can dream can't he?

peeps are mad cause she posted
a pic of some psychic baby

i listen to you :D

btw did you think that baby
looked familiar for some reason?
i swear i've seen them before.

i agree

but she did just decide to
take it down. she did the right
thing in the end!

i don't know about that lol

AWWW ✨o:✨

WAIT! now i'm imagining
a little sleeping wombat

PARSLEY!!! you should
draw your fursona sleeping

all curled up and such
thatd be so cute... 🥺

Ok. Heres my commission prices.

aw man you know i dont
have any money :(

And neither do I

SO STOP ASKING ME
FOR FREE SHIT!!!

:(

do you seriously not have like 5
bucks you could spot me so I
can buy this funny bong

as a *PRESENT*

for your *FRIEND*

so she can feel *BETTER??*

Right now, literally no.
In like an hour or so, maybe. We'll see.

...

thats so ominous lol

whats that even supposed to mean!!!

Listen, lets just say if Harleccino places first in their next race I'm going home with heavy pockets.

oh.

parsley listen i love you but we really gotta talk about your gambling problem its concerning

What's there to talk about?

its just... you do it so much and should probably stop

0_0

Listen. If you had my powers you'd understand lol

but see thats the thing i dont get if you can see the future why dont you just always win?

Where's the fun in that?

=A= touche?

Yeah, its a horse.
Up and comer with a pretty strong record.
Won their five previous races in a row.

also harleccino is a horse right?
you werent just saying some
random bullshit lol

ok sounds impressive!

but if i know anything about
statistics (which i dont :p),
shouldnt they be heading for
a loss then?

Maybe, maybe not. See thats
where the future sight comes in.

oooh, okay!
so you use it to supplement
your decision making rather
than completely relying on it?

Exactly.

smart!
what did it tell you then?

Future sight says, *"In tonight's game
of luck, the Jester prevails. His foes
will be struck and caught unaware!"*

hdjshdjad?!?! what the fuck
does that mean?!?!

Harleccinos name is a portmanteau
of "Harlequin" and "Cappuccino."

Harlequin is like a type of Jester.
So *"the Jester will prevail,"* probably
means they're going to win again.

Future sight takes some
interpretation but its never wrong.

It's a safe bet don't worry.
Harleccino is already the favorite
to win. I just need a little extra
cash to get through the month.

What are you talking about?

I've never heard of something like that.

Also I wouldn't say my power has a drawback. I'm just very weak.

Wormgirl is Cognition?

I always thought she was Confrontation for some reason...

i trust you know what you're doing!
it's just kinda weird that both you
and wormgirl have drawbacks to
your powers

mine just kinda like... work.

wormgirl was complaining that
she gets headaches whenever
she uses her powers

er i guess that's not quite right

more like sometimes?

idk it seems kinda inconsistent
and she didn't seem to fully
understand it like you do :P

maybe... wormgirl thought
it might be because her
powers aren't natural? like her
muscles are sore after a workout

or it could be a cognitive only
type of thing?

probably because of the swords

there's a space in her mind
where she can store an object
and that allows her to summon
illusory duplicates of it. she's
basically a human copy machine lol

So she could store something useful up there?

...

Ok.

Do you think maybe thats why she gets headaches and we don't?

After all Cognitive powers are all about fucking with your own brain in weird ways right?

Ok so obviously we have no idea what were talking about so we should just stop.

But they could be completely off base!

Maybe its a Cognitive thing!
Maybe shes over exerting herself!
Maybe shes just stupid!

WE DONT KNOW!

whats not useful about a sword? B)

if she was ACTUALLY confrontation her powers would be more like,
FWAHH I SHOOT LIGHTNING OUT OF MY FINGERS

or BWAHAHA WATCH AS I THROW THIS TRUCK WITH MY MIND!!!!

y'know?

╰_(ツ)_╯

idk your smarter than me dude lol

I think we have some good ideas!!!

to be fair we're all pretty stoopid XP

do you know any other cognitive psychics? or anyone with trained powers? maybe we could ask if theyve experienced something similar?

Uhhhhh I know one guy.

He would actually probably be the perfect person to talk to, cause hes also a parapsychology professor. Its a week day tho, I don't know if I should bother him.

Hes probably pretty busy.

PARSLEY. YOU MUST BOTHER THIS MAN! WORMGIRLS WELLBEING IS ON THE LINE o0o!!!!

I can try.

But there is no guarantee Ill hear back before next week

eventually is better than never!!!

True.

Ill hit him up and let you know what he says. I gotta go

kk! thanks for chatting

OH ALSO!! i bought the bong!!! you owe me 10 bucks ;))))

Lol

I don't owe you nothing

>:0

Yo William, are you available to chat?

You're not teaching at the moment or anything right? I got a question.

William J. Culkin 🐦 @WilliamJCulkin

Good Afternoon Parsley!

Classes are actually over for the semester. So no, I'm not teaching. That doesn't mean I'm not busy of course, but I can spare a moment. What's up?

Cool Ill try to keep this brief then.

which is more **gay**

gay

this
(zoom in)

Why would a black square be more gay than the pride flag?

Did you follow the instructions?
Zoom in, maybe youll find a secret.

Parsley. There's nothing here.

Am I supposed to be looking for a single discolored pixel or something?

This is ridiculous! My screen is so dark I can see my reflection!

Your reflection eh??

Goddamn it.

Ok, You got me! Hahaha!

LMAO!

Well William, whats the answer???

I mean, the pride flag represents the many multitudes of queer experiences over the decades, of which my humble little life only accounts for a small portion. So my vote goes to the flag.

But you are currently sitting in dms talking to a non binary furry.

That sounds pretty gay to me.

Parsley we both know you're not my type.

That may be true, but we all get desperate at some point.

Its been twenty years since youve had a serious relationship.

Im starting to think youve just lost your game.

Oh please, I have plenty of game! I'm just far too busy for a commitment like that. I'd much rather focus on my work.

Ah yes can't let romance get in the way of a morning editing Wikipedia articles.

...Are you looking at my profile history again?

Yeah dude! Why wouldnt !! Your editing contributions are public! LMAO

I was just fucking with you earlier, I knew you werent doing anything! Unless adding "[*citation needed*]" counts as important business.

Can I not cite in peace?!

Never

At least not while I'm around.

HAHAHA

How have things been, by the way?
I haven't heard from you in a while.
Has your mood been more stable?

Yeah I've been good. Im pretty busy most days, but all things considered it could be worse.

That medication you recommended tho is ungodly fucking expensive. I've had to begin taking on extra commissions this year just to cover the cost.

I mean I definitely prefer being on it. But I don't have fucking health insurance!

Well maybe it'll help you figure out a more stable financial situation.

We don't want a repeat of last time.

No we do not.

Though honestly things only got that bad cause my friend kept antagonizing that drama youtuber.

Right. I still don't fully understand how you got mixed up in all that. It didn't really seem like it had anything to do with you.

It didnt. I was just an easy target. The dude really just wanted to punish Wormgirl for embarrassing him. I just got caught in the crossfire.

The easiest way to ruin someone's life is to isolate them from their friends. So if you're a coward like Jensterous you make being friends with your enemies a liability.

Absolutely despicable.
Can you remind me, who is this *Worm Girl* again? You've definitely brought her up before.

It's pretty simple stuff.

Harsh words.

Just a friend of mine.
Or maybe a pest that I tolerate is more accurate.

Listen, I respect the hell out of that bitch but shes caused me so much trouble over past couple of years.

I think I reserve the right to be a bit rude.

Btw, I didn't just come here to waste your time. I did actually have a real question.

Well, I appreciate your respect for my time. Go ahead, I'm all ears.

Its actually about Wormgirl.

Sometimes when she uses her powers she gets headaches, and I was wondering if maybe youve ever experienced something similar?

Cause like, obviously you two arent the same. She can pull swords out of her head, you have a Mind Palace. Shes weak, and youre... ridiculously powerful. But you both have Cognitive abilities and are both self trained so theres gotta be some overlap, right?

Well, I do try to keep the blades in my head to a minimum.

Theres no way thats the fucking reason.

It's definitely not.

Can I ask for more details?

Specifically about your friend's internet presence. Is she particularly popular online?

How much attention would one of her social media posts get?

I'll explain in a minute, just answer the question.

Well that's probably it then.

You're old enough to have used the internet in the 90s. Did you ever get dizzy surfing the web as a kid?

It most likely had more to do with you being psychically attuned than it did anything else.

What the fuck does that have to do with anything?

I mean sometimes she gets involved with some stupid controversy or one of her selfies will go viral but other than that, it's usually just me and her mutuals that like her shit.

Like earlier today a bunch of people were harassing her about some pic she posted of a baby, but that's not the norm.

WAIT WHAT?!

What do you mean that's it?!

I mean a little.

My Dad always said it was because I sat *"too fucking close to the screen!"*

That was probably the only thing he was ever right about. I mean I'd literally watch Newgrounds with my face pressed against the glass. lol

You know psychic energy can affect digital files right?

Yeah, obviously. Like the weird distorted halo effect in digital photos of me. My psychic energy attaches to the file and corrupts the data or whatever.

Exactly! So the same thing happens when you use the internet.

Before the turn of the century connecting to a website would see some of your latent psychic energy being uploaded to its servers. That energy would attach to your post and any other psychics could sense it as if you were in the room with them.

In small amounts this isn't a problem, but if enough psychics use a single website often enough the effect could become overwhelming.

For a long time it was just accepted that if you were a psychic and you tried to use something like a forum, you'd have a bad time.

The psychic energy coming off of all those individual posts.... It was like a hundred people were simultaneously screaming into your brain.

It was excruciating. Exposure would often result in debilitating physical side effects. Everything from chronic migraines to total mental degradation.

Jesus Christ...

Luckily that's not so much of an issue anymore. Ever since my team and I developed PSYTP and it was implemented into most browsers and apps as a part of the Internet Protocol Suite.

Oh right I forgot. This is like your thing.

You'd think with the amount of times you desecrated my Wikipedia page you'd at least remember my greatest achievement.

Dude I never actually read it LMAO.

Was too busy making it say shit like how you graduated from "Smegma University," and have an IQ of "420.69."

I was literally 16.

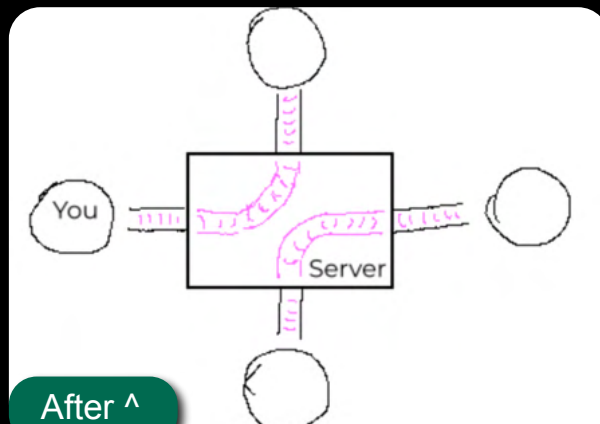

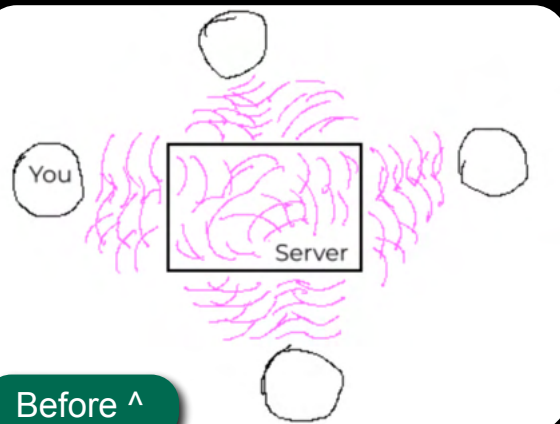

Also this PSYTP cant be that great if Wormgirl is still getting headaches. Whats up with that?

The goal of PSYTP wasn't to stop the transfer of psychic energy, that would be impossible. There was no way to untangle it from the normal non-corrupted data.

So instead what we did was prevent it from bunching together, and hitting you all at once.

The best way I can describe it is that before PSYTP, connecting to a website was like walking into a crowded room. A room where everyone was trying to speak over each other all the time.

But now everyone is in their own separate rooms, all connected by doors. So if you want to interact with someone you just have to open their door.

1 new message...

This approach is a lot less overwhelming.

Of course, opening enough doors in quick succession could still result in negative side effects, but even then it wouldn't be as strong as before.

That would probably help, yes.

Most solutions are.

Rick & Morty bong?

2 new messages...

Ok. So what I'm hearing is that Wormgirl just needs to spend less time arguing with people online.

3 new messages...

That's so stupid.

4 new messages...

Okay well, I guess I'll relay that info.

Also sorry, give me a sec.

One of my friends is spamming my dms. It's probably just about that Rick and Morty bong, but I should see what they want.

we should be making sure
that parsley is alright!
not fighting!

No offense Edith, but this is
actually extremely important

Our fucking reputations are on the line!

I actually agree.

I know you guys like to treat
the internet as a place to fuck
around and goof off, but this is
my GODDAMN JOB!

If people start believing that I
steal commission money again,
who's going to buy from me?!

Harleccino FUCKED ME OVER!
I need work now more than ever!

but if you were able to convince
people the rumors were false once
before, surely you can do it again!

Yeah but that was a huge pain in the ass.

Not only did one of my friends need
to bail me out but I also had to significantly
lower my prices.

I was drawing fully rendered wolf
dick for only 25 bucks a piece!
I shoulda been making bank!

But no.

I had to spend months rebuilding my reputation because Wormgirl wanted to be Twitter's main character of the day.

GRAH! This shit isnt fair!

I dont want you to do jack shit!
I know this pattern too well.
YOU CANT FIX THIS!

Just let it be.

Who gives a shit?! People will forget in like a week!

Dude I know, I'm sorry. I already apologized back when it happened.

How was I supposed to know Jensterous would go after you!?!

He got so pissed after I made that callout thread, and he couldn't find anything to smear me with.

So he latched onto you

He was trying to isolate me from my friend and rn you're letting him get away with it 😞

I know!

We really gotta figure out a way to get him off our backs...

DUDE, PEOPLE LEGIT THINK I STOLE A BABY!

You want me to just ignore that?!

I gotta do something!

I GIVE A SHIT!

And how's that going?

Well congratulations.
I guess now's the time.

couldn't we just ask that
huckleberry guy to clear things up?

if he made a statement that'd probably
put an end to the rumors right?

I know you don't believe me but I'm
not just fucking around on here!
I'm also trying to build a career

SLOW AND STEADY!

I HAVE A SMALL DEDICATED
FOLLOWING! IT'S ONLY A
MATTER OF TIME BEFORE I
POP OFF!

NO!!!!
THIS DOESN'T COUNT!

If I don't fix this I'll forever
be known as the "Baby Stealer"

I don't want that! 🤔🤔

I already tried that

He is like impossible to get in
contact with. He's only on
Facebook and ofc that page
is currently getting SWAMPED

I don't understand how this dude
became so popular all of a sudden!
He had no content release strategy,
no cross promotion, no nothing!

I POSTED THAT BABY TOO!?
WHY IS NO ONE PUTTING ME IN
MEMES AND SIMPING OVER MY
SEXY PHYSIQUE!!

All I get is hateful comments
and goddamn headaches!!!
I HATE MY LIFE! UGH!

Yeah I wonder if those things are related.

Anyway Huckleberry's probably also busy rehearsing. Doesn't he have a show on the 25th?

What? How do you know that?!

yooo! you found the website too?

Yep.
